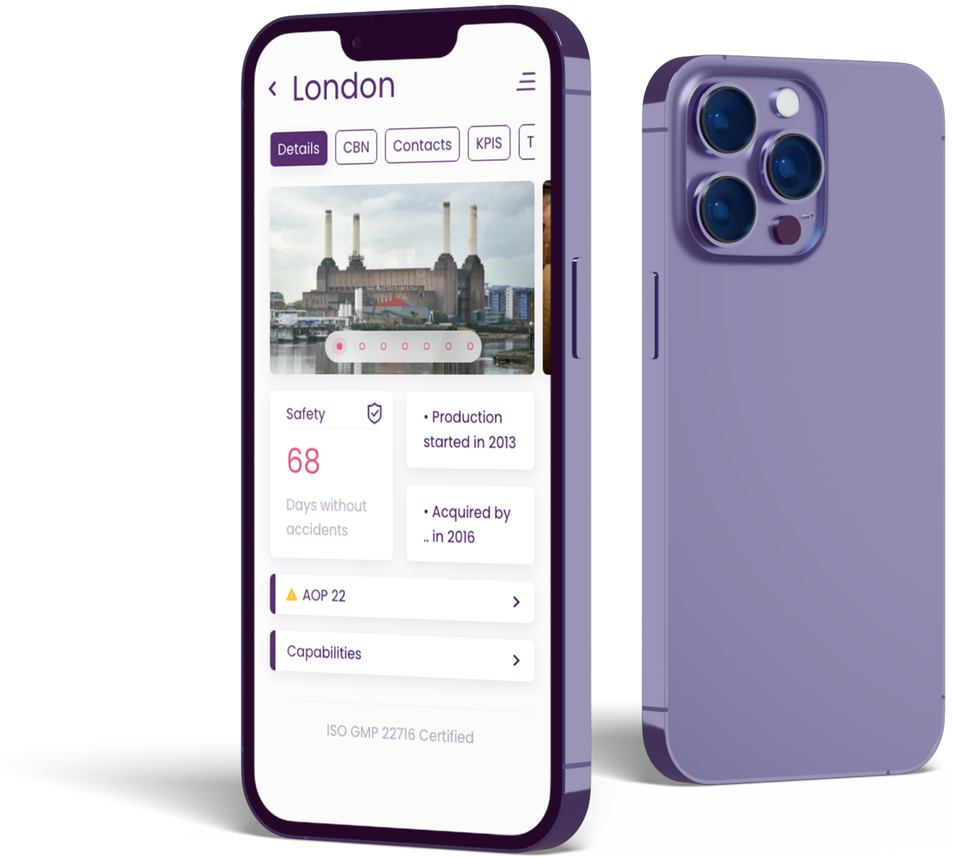
EENVOUD

# Key benefits

**Distribute KPI data** of all sites to relevant stakeholders through an **easy to use mobile app**

- ✓ Visualize KPI progression over time and with regard to targets
- ✓ Benchmarking: show calculated rankings per site per KPI
- ✓ Categorize KPIs and sites in one or more dimensions



Show **relevant** site **meta data**

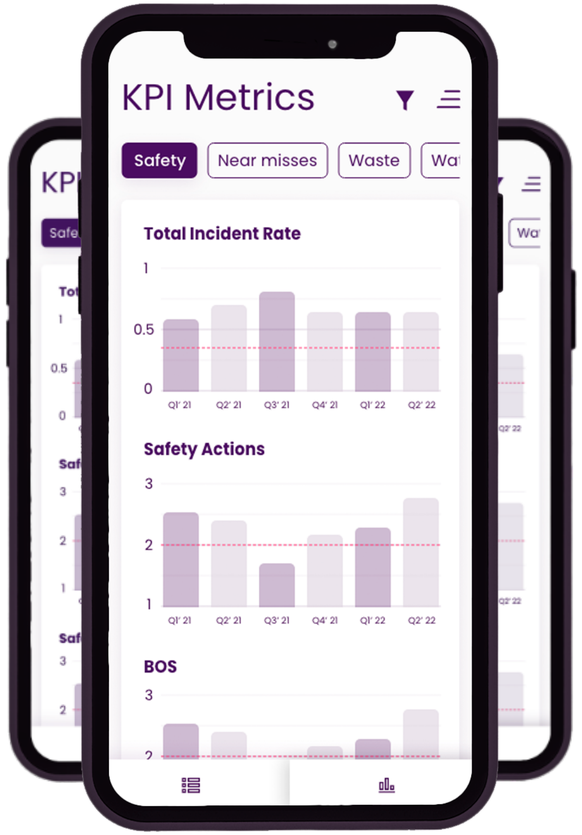
- ✓ Production and packaging lines
- ✓ Site capabilities
- ✓ Product details, productmix and distribution
- ✓ Safety audits, certifications
- ✓ Contact and travel information
- ✓ Key site characteristics, site history

# Administrative & Technical **features**

Manually upload
**monthly KPI Data**

**Integration** with other **systems**
to automate data import

Possibility to have
**Real-time information**



**Single Sign On**
integration

Update meta data in
**user friendly interface**

Optional additional
**security features**
